## 1 Preamble

- 1.1 **Flexible Workplace @ SMU** is intended to provide flexible work options, while ensuring the continued delivery of exceptional learning, services, and the supports that our Saint Mary's community has come to expect.

Flexible work options are specific to position and department. All Eligible Positions at Saint Mary's University will be classified by the University as Campus Flex, Hybrid Flex or Home Flex – each offering access to flexible work options as provided in this Policy.

## 2 Purpose

- 2.1 This Policy provides a framework for flexible work options for Eligible Positions.

## 3 Jurisdiction/Scope

This Policy applies to all employees who work in a position that is an Eligible Position as defined in this Policy.

## 4 Definitions

- 4.1 Capitalized terms used in this policy are defined in the headings or have the following meanings:

- **Modified work week:** A modified working schedule allows an employee to work longer hours on some days and meet their required weekly hours sooner. The employee can then take a day (or part-day) off with the time they have accrued. Common compressed working schedules include a 4-day week, but other options may be considered by an employee's supervisor.

- **Eligible Positions** are positions within the University that have been assigned a flexible work classification in accordance with this Policy. The following positions are not Eligible Positions:
  - Full-time faculty and professional librarians
  - Part-time faculty
  - Language Centre instructors

Eligibility is determined by the University based on the function and nature of the position as described in a job description.

- **Flex time:** is an arrangement that allows an employee to alter the starting and/or end time of their workday. Employees still work the same number of scheduled hours as they would under a traditional schedule.
- **Job Sharing:** is a type of flexible work arrangement in which two people work part-time schedules to complete the work one person would do in a single full-time job (For NSGEU roles please refer to Article 16 JOB-SHARING)

## 5 Policy

### 5.1. Principles

The University wishes to provide employees with the option for flexible work where appropriate and possible.

Every Eligible Position at the University is assigned one of the classifications that follow:

- **Campus Flex**
  - Roles that require in-person interactions or access to physical material or spaces
  - Work primarily on campus 95% to 100% of the time
  - Technology: assigned (or access to) a computer; assigned (or access to) a telephone
  - Fixed/assigned desk on campus
- **Hybrid Flex**
  - Roles that have varying requirements for face-to-face interactions or access to physical material or spaces in order to complete the functions or tasks
  - Work on campus 20-80% of the time, work remotely balance of time
  - Typically, no assignment to desk on campus however this is subject to nature of position, (senior managers) and % of time on campus
- **Home Flex**
  - Work remotely 95% to 100% of the time.
  - Roles that are not student or customer-facing only occasionally require in-person interactions or access to physical material or spaces in order to effectively complete their functions or tasks. May be required to travel to campus for face-to-face meetings as required
  - No assignment to desk on campus

Employees who wish to participate in Flexible Workplace @ SMU should express their interest in writing to their direct supervisor. Participation in the program is initiated by the employee.

Upon receiving a request from an employee in an Eligible Position, the direct supervisor will complete the **Personal Flexible Workplace Plan** and both supervisor and employee will sign the form. The agreement is not valid until both parties have signed. The direct supervisor will provide a copy of the signed form to Human Resources at [HR@smu.ca](mailto:HR@smu.ca).

Flexible work arrangements will be evaluated from time to time and are subject to change based on operational requirements or a written request from the Employee. A reasonable notice period will be provided in the event of any change to the flexible working plan.

The department Manager and Employees must ensure that operational needs are met, and that productivity, costs, and services are not negatively affected by the application of this Policy.

The classification assigned to a position is in the absolute discretion of the University and is not a term or condition of employment. The right to assign, change, or remove a classification on a position remains with the University.

## 5.2 Roles and Responsibilities
